

Wills

Whatever the future holds, it is important to plan ahead – particularly when it comes to your later years.

Our team appreciate that making a Will can appear to be a daunting task, but our aim is to provide you with clear, straightforward advice and to leave you with the peace of mind that your Will will put your wishes in hand.

We are able to assist you right across Derbyshire, Nottinghamshire, and beyond, with the aim of offering clear and straightforward advice, tailored to suit your needs.

What is a Will?

A will is a legal document that expresses an individual's wishes as to how their property and finances are to be distributed after their death, and which individual will manage the estate until its final distribution. Wills can also set out any arrangements for any children should you pass away when they are under the age of 18.

Why is it important to make a Will?

It's important to ensure that after your death everything you own passes to the people that you wish to benefit from all your hard work. By putting your plans in place now, you can ensure that your wishes are followed, avoiding more distress for your family and friends at what is already a difficult time.

At Elliot Mather, we are here to guide you through a range of issues, such as:

- The provision you wish to make for your family.
- Any factors which might need to be taken into account in relation to your assets – for example, you may have a business you wish to pass on to your family or colleagues and may want to make a Business Will.
- Inheritance Tax planning.
- How your Will could mitigate the potential effect of Nursing Home or Care fees.

Our team aim to give you the peace of mind that your wishes are followed in the future.

The level of help you require from us is entirely up to you. Our specialist team is committed to delivering to you a professional and private service throughout the Derbyshire and Nottinghamshire regions.

How to get in contact
